- 2000 Honorary Fellowship** University of Wisconsin, Madison, WI
Assisting Professor George Cramer with maintenance and instruction at the Microsoft digital Lab. This involved supplementing Professor Cramer's instruction of digital art by means of a regular series of lectures and demonstrations of animation and modeling techniques and software.
- 2000 Digital Modeling** Seven Skies interactive CD ROM Madison, WI
Created primary digital models for a collaborative project at the University of Wisconsin-Madison making an interactive CD-ROM based on Native American children's experiences on a reservation. The setting of these stories was an old pickup truck. I constructed this based upon a scale model of a 1960 pickup truck using Rhino NURBS software.
- 1995 Renovations Collaborator** Claymind Studios Philadelphia, PA
Assisted in renovating a warehouse into a production ceramics facility. Duties included procurement of material, drywall installation, security applications, demolitions, construction of walk-in kiln, and construction of shelving.
